### Time Savings

The pick-pocket increases efficiency. No more running back and forth for scissors, more tape, money or keys. These are safely tucked into easily accessible compartments. No longer will you have ink stains on your clothes or misplace important items. The convenient key ring attachment keeps your keys and/or ID tag at hand. The Pick-Pocket has a secure zip compartment for your valuables. Also perfect for carrying your mobile phone.

### Safety

Pens and scissors can be safely stored in the Pick-Pocket, not left dangling around your neck or in your pocket. The Pick-Pocket is designed to allow easy access with just one hand. It can be slipped from side to back in one quick movement.

### Compact

The Pick-Pocket measures 20cm x 15cm and sits flat against your body.
